ORDER

19-CV-7377 (AT)(KNF)

The plaintiff's February 10, 2020 request, Docket Entry No. 36, that the Court fix "an expedited briefing schedule related to his December 23, 2019 pre-motion letter" to the assigned district judge, is denied. The instant application is, in essence, an untimely and misdirected request for reconsideration of the assigned district judge's January 14, 2020 order, which the Court cannot entertain.
